Dear Ma'am/Sir,

My name is Renz Aerol Ravela, and I am thrilled to express my interest in the tech job position at your company. I was excited to learn about this position from the website Destination Canada Job Forum. I believe my strong motivation for web and application development and communication/collaboration skills will help me excel as an employee at your company.

As a current information technology student at Central Luzon State University , I gained strong hands and experience in web development. As a developer for our college project, I developed a user-friendly system that can help many users ease their life. I can apply these same skills to create thoughtful and engaging marketing material for your clients.

My dedication for developing, collaborating and finishing projects within tight deadlines make me the perfect candidate for you and your company. And I would like to expand my skills more as a developer and designer through your company.

I'm very excited to learn more about your company and to develop my skills further. Thank you very much for your time and attention. Please reach out to me when you are available to arrange an interview. I look forward to hearing from you soon.

Sincerely,

**Renz Aerol B. Ravela**
