

# Renz Aerol Ravela

A goal-oriented developer with a passion for the development of technology that helps the community ease their lives. A hard worker and quick learner, I have experience in project development and various collaborations and am always excited to learn more.

## WORK EXPERIENCE

### Web Developer / Designer — Freelance

September 1, 2023 - Present

- Designed and developed dynamic, responsive websites using PHP Laravel for robust web applications.
- Demonstrated proficiency in front-end technologies such as HTML, CSS, and JavaScript (React) to create visually appealing and user-friendly interfaces.
- Collaborated closely with clients to gather requirements, outline project scopes, and provide ongoing updates throughout the development process, ensuring alignment with their expectations..
- Collaborated with other developers on web development best practices.

### Intern Developer — Philippine Rice Research Institute

February 5, 2024 - May 9, 2024

- Update and maintain multiple web-based management systems, implemented automations and performed quality checks on various system testing.
